

SGA Resolution No. 28-05-S

A Resolution to add MTV-U to the Middle Tennessee State University Cable Network.

Whereas: The Music Television University channel, a branch of MTV, allows college students to call-in and request the music videos they want to hear, and

Whereas: MTSU is one of the foremost state-of-the-art recording industry schools in the nation; thus, an interest in music and music videos is apparently present, and

Whereas: It is currently the channel being played in the Keathley University Center grill; therefore, it is on our campus, and

Whereas: It will allow students in residence halls, Greek Row, Scarlett Commons, and Womack Lane the opportunity to enrich themselves with the current pop culture.

THEREFORE, LET IT BE RESOLVED BY THE 67TH CONGRESS OF THE STUDENT GOVERNMENT ASSOCIATION OF MTSU THAT:

Section 1: The Music Television University Channel be added to the MTSU Cable Network.
