**Old Business**

- n/a

**New Business**

- **Tentative Resolution 1-18-S**
  - *“Parking Services shall add lines to the pavement of the MTSU parking garages to distinguish between the left and right lanes of traffic.”*
- The Sponsor moved to adopt this resolution
- Properly seconded

- Debate
  - Senator Bicknell suggested that this resolution wouldn't actually help the problem, since lines can't physically slow down the cars.
    - Senator Thompson explained that "due to the pavement, they can't do speed bumps"
  - Senator Slatton asked about the necessary funds
    - Senator Thompson suggested that the "\$2 increase approved by the TBR" can go towards this
  - Senator Lester wondered if there would be any punishment for a traffic violation (crossing the line)
    - Senator Thompson said this would be up to parking services
  - Senator LeClaire suggested that the lines wouldn't cost much since they are constructing a new parking garage
  - Senator Harrell suggested the use of traffic cones along the lines as people get used to them
  - Senator McBride was in support of this resolution – "will bring awareness to drivers, especially around turns"

- No further debate

- Vote

- Yes - 32
- No - 3

- Resolution passed
